Patient Name _____
First Name
First Initial of Last Name

Our staff strives to ensure our patients receive professional, patient-centric implant treatment. To assist us in completing the next phase of treatment, we are sending this card as a reminder to order the components listed above in advance of this patient's restorative appointment. This will ensure that you have the components needed to complete the restorative process. **Should you have any questions, or if you would like to place an order, please contact Straumann Customer Service at 800/448 8168 or Straumann Senior Territory Manager Margo Lovett at 317/508 0221.**
